Mergers and Acquisition Associate

Turnhout, Belgium

Join Us as an M&A Associate!

Are you a talented Mergers and Acquisitions enthusiast? We're in search of a proactive M&A Associate to join our team. Your role will involve identifying targets, managing processes, and applying your hands-on mentality and M&A knowledge to drive success.

About us

i4F is a global innovations group, focused on patents and technologies that are revolutionizing the flooring industry and beyond. Our vision is to enhance where people live, work and play with ingenious technologies from the floor upwards, through technological excellence, meaningful innovation, and human partnerships.

We believe that even the smallest innovations have the potential to transform not just products, but the lives of the people that use them. It's why we own and represent more than 3.000 patents and technologies. And it's why we continue to develop more, both independently and with our partners.

We work together with the world's leading producers and innovators to develop powerful, future-driven solutions for the flooring industry. Our patents are divided into six clusters: drop-lock, surface finishing, digital printing, board composition, wall and ceiling as well as sustainable process technologies. We're experts, specialists, dreamers, and do-ers. We're entrepreneurs at heart with a shared passion for meaningful innovations.

Our unique and highly successful business model requires high-potential people. i4F is the winner of multiple awards. The company has been awarded by Deloitte as one of the world's Best Managed Companies (BMC) for two consecutive years (2020/2021 & 2021/2022) and also won the 2020/2021 Excellence Award for Strategy. i4F has people and offices in Belgium, China, Vietnam, and the United States.
