# Junior Accountant

Turnhout, Belgium

### Calling Accounting Talents!

We are seeking a motivated and detail-oriented Junior Accountant to support our growing finance team. This is an excellent opportunity for an enthusiastic professional to develop their career in a dynamic and international technology environment.

### About Us:

i4F Patents & Technologies is a global innovations group, focused on patents and technologies that are revolutionizing the flooring industry and beyond. Our vision is to enhance where people live, work and play with ingenious technologies from the floor upwards, through technological excellence, meaningful innovation, and human partnerships.

Used by the world's leading flooring manufacturers on over a billion square meters globally, i4F's revolutionary, flagship, drop-lock technologies deliver the world's easiest and best flooring installation systems.

We believe that even the smallest innovations have the potential to transform not just products, but the lives of the people that use them. It's why we own and represent more than 4,000 patents and technologies. And it's why we continue to develop more, both independently and with our industrial IP partners.

We work together with the world's leading producers and innovators to develop powerful, future-driven solutions for the flooring industry. Our technologies are divided into seven clusters: drop-lock, surface finishing, digital printing, board composition, wall and ceiling, outdoor, as well as process technologies. We're specialized, dreamers, and doers. The whole i4F team shares passion for meaningful innovations.

Our unique and highly successful business model requires high-potential people. i4F is the winner of multiple awards. The company has been awarded several times by Deloitte as one of the world's Best Managed Companies (BMC). i4F has people and offices in Belgium, China, Vietnam, and the United States.
